A: I like CSS Editor. and it's free. A: Astyle is pretty much the same thing as CSS Master, but it's more integrated into the standard Windows Explorer UI and it has a really nice theme editor. I'd recommend it over CSS Master if you want to use one window for all editing. Monday, March 10, 2009 Sleeping beauty woke up early The wind was like a feather when i woke up. I took a walk over to the corner to capture this sight. I love the different hues on the cliff. After that i decided to look at other people photos on the web. These two are so outstanding that I wish I was the one to take them. There are so many textures on the rocks and the old paint can and rusty metal, so many
