We report here the first record of the midgut proventriculus in Pieridae, a family of bees, to be equipped with a siphon. Examination of the male abdomen of a female *P. humilis* (Cresson) (Hymenoptera: Apidae) revealed a midgut proventriculus. The proventriculus is situated anteroventrally to the junction of the midgut with the hindgut; its anterior opening, connected to the hindgut, is circular and enlarged to form a siphon. The presence of the proventriculus is considered to be the result of the relaxation of one of the abdominal muscles that connects the hindgut to the abdominal wall.Q: AngularJS Form do not match submit with Twitter Bootstrap I'm using Twitter Bootstrap for my website and I'm trying to create a simple form which will go to but my problem is when the form submits, it doesn't pass through

What's New in the Car Organizer Deluxe?

Car Organizer Deluxe is an application that allows you to catalog your collection of car models and dealers. It's packed with all sort of database templates that you can use in order to organize data easily. TorrentFreak, known to the world as the 'people's friend to the righttorrentfiles', recently uncovered a site that contains the database used by Car Organizer Deluxe. The database contains several hundred thousand entries, mostly cars and car models. It goes into almost every detail such as car brand, car model, the year the car was made, the country of production and even the year of production of the engine. The database is also indexed, sorted and searched by content or make of car. All this data can also be exported to PDF format. Now you can find out exactly what will be in your car catalogue or read that dealership's stock in no time. And it's free! The original Car Organizer Deluxe application is a useful tool but this is the world's first car database that allows you to perform all of its functions entirely online. That's me, feeling pretty pleased with myself! Take a look at for more, or the page mentioned above (I've changed the original page some but only so that you can see it better). Edit: It seems that they decided to do an update again which included some changes to the database. So you may need to look for a new version, but this one was just to show that I was

right. That's me, feeling pretty pleased with myself! Take a look at for more, or the page mentioned above (I've changed the original page some but only so that you can see it better). Edit: It seems that they decided to do an update again which included some changes to the database. So you may need to look for a new version, but this one was just to show that I was right. The program I use for keeping track of my cars is called Avis Car Manager. It's free to use and you can get it on the website at www.avis-car-manager.com or get it off of their site through my link below. Avis Car Manager
Description: If your car needs to get fixed, you can't afford to miss a

System Requirements:

OS: Windows 7, 8, 8.1, 10 Processor: 3.5 GHz Intel Core i5 or AMD equivalent Memory: 4 GB RAM Graphics: Intel HD 4000 Graphics DirectX: Version 9.0c Network: Broadband Internet connection Storage: 8 GB available space Additional Notes: To run the game with maximum performance, we suggest you use a game pad.
