Easy Music Composer

Are you looking for a program that allows you to compose and write beautiful music for your songs with the possibility to record your song with a microphone? Do you want to add piano, drums, bass and other sounds to your song? Do you want to create a song and play it back to yourself? Easy Music Composer software is the answer for all of these questions. Easy Music Composer is a Music application that allows you to compose a song easily with many great features. In this article I will show you the key features and benefits of Easy Music Composer software and review how to start using the application.

1. Importing and saving MIDI files Easy Music Composer allows you to import MIDI files from your MIDI devices such as a MIDI interface, or MIDI keyboards and various sound devices such as: - Drums - Bass - Piano - Guitar - Electric guitar - Drum machine - Synthesizer - Choir - Balcony - Electric piano You can save your song to your computer in MIDI format or music sheets, as well as delete songs, or create new MIDI files.
2. Add lyrics and chords Easy Music Composer can add lyrics and chords to your song with two different windows. In the rhythm window, you have the option to input notes that is usually selected by default (music mode) which allows you to create a chord based on the notes that you select. It will start playing the MIDI file along with the song. You can take a picture of your lyrics, chords and input notes from a digital camera or microphone, and save them to the application. It includes many lyrics and chords to choose from as well as musical symbols such as: - Chord - Guitar finger numbers - Bar numbers - Notes - Symbol
3. Preview and record your song Easy Music Composer is able to preview your song and microphone while recording your song live. It's also capable of being recorded and saved to your computer via MIDI or audio files. You can set the tempo of your song with MIDI and playback the tempo on your MIDI devices. The next step is to add sounds and chords to the song, which we
