♪ This game is OUT! ♪ As I expected from the Elden Ring series, the game is refreshingly fun with a basic concept that is truly unique and enjoyable. The pure fantasy story is very well constructed. The many features such as the RPG elements that is so familiar from other games as well as unique features such as the interactive world and social features are implemented well and with good balance. The various guilds and businesses are also implemented well enough so that it's not just a one-sided story but also fun at the same time. I'm currently reading chapter 7. It's nice that it's not long and that it is developing smoothly. It's nice to see the story moving. Until now, I was playing the Elden Ring series as a coop RPG that enables you to become a leader of a guild.
