The Ruins of Delta Polaris The ruins of Delta Polaris are littered with unspeakable atrocities, and the scattered outposts of various "Nile" factions are only able to dally in the shadows. Factions vie for dominance in the ruins - others wait to exploit their strengths and shatter the status quo. Within the ruins, a Hellbound cult rages. The cult's leader plots his will on the ruins' inhabitants and the denizens of "no-man's land." Only you can save the denizens of Delta Polaris from the Hellbound cult. You'll have to sacrifice the people you care about and the homes they live in - you'll even have to sacrifice your own soul. The choice is yours. You can return the people of Delta Polaris to their home, restore the "no-man's land" to its original purpose of a buffer zone between the factions, or call the gods' judgment on the cult. ## **What's new:**

**Part III Light, returning I am back to quaffing from your lips, and to being embraced by you, to being revived by your whispers. I am charged with new ecstasies by our love and with new powers by your moist touch. Yeah, I know what you're thinking, but there's nothing I can say for sure beyond what I've always said. I suspect that me and the boy are more than the sum of our parts and there's just now a chance to see what's enfolded in the deep. I am allison again, and now, see, you must stand up and start to undress your husband who is still sleeping. Allison, you are a wolf who specializes in lovemaking and your lover is no better man than I am. You will be napping on the morrow, but in your dreams you are likely resting in the arms of your cousin, whispering the words that are now so clear. I am afraid no more, and I am happy and moved, all at once. When the sun is gone from the sky, I will come to you like a ghost, but when you awaken you will want to rise with me. We will do more than dawn, as one and your kindness and love will be returned. You are a woman of rare gifts, a wolf who bears a heart of gold. But the wild lamp is deep within us all. Love will set us one step further yet. Yeah, I know what you're thinking, but there's nothing I can say for sure beyond what I've always said. I suspect that me and the boy are more than the sum of our parts and there's just now a chance to see what's enfolded in the deep.
