- new responsive UI - a new incredible mechanic - phase spawn, which spawns enemies during a player's phase- no more picking a phase and getting an early advantage on enemy spawns - 3 new exciting weapons: Heavy flamethrower and Acid Bomb, power charged explosive spikes, and the tactical and powerful triple wired mine. Unfair Upgrade - Unlock all upgrades to boost your stats and power, but beware the cost in shard gain. Huge World: Over 255 miles of mountainous terrain to explore and fight in. 7+ playable characters, all with diverse traits and stats. Choose the one that's right for you, your build and your playstyle. Optional Rankings: Create a clone of your original character and to each of its variants, and challenge your friends to a one on one fight. Player to Player actions: Start a duel with your friends and see who is more fitting than the other. Modes: - Kill Arena - Enjoy a one on one duel with your friends for victory! - Archery - Take down your opponent's shields and stab away! - Duel Arena - Enter battle in a one on one duel for shard or kills. - Stronghold - Build your personal fortress with a variety of shops and items. - Castle Defense - Keep an eye on your opponent and protect your shards! - Combo Mode - Carry over combos from your duel. When you die, you gain shards to upgrade and launch combos. The first player to 100 shards and 15 combo kills wins. - Raid Mode - Be as stealthy as possible and sneak into enemy houses. Each house can be raided for shards or a 1v1 duel. - Death Sphere - Use three giant deadly bombs to damage nearby enemies, you can do this by clicking the bomb and lining it up with nearby enemies. It can be locked on the same direction multiple times to be more powerful. - Spam Mode - Accumulate a high amount of shards. Once you reach a certain amount, you are warped into a battle sphere. - Hijack Your Opponent - Infiltrate the castle and steal their shards. - Emote - Play with your friends by playing a mini-game where you have to use your emotes to see if you can predict what your friend will do next. - GameCenter - Challenge your friends to duel with you for shards - Versus - Challenge a friend to see who has the best build or can do the most combos. -
