Prompt iPod Backup Crack + (2022)

Prompt iPod Backup is the easy to use and user friendly iPod media management software which can copy your media files from iPod to any computer with a USB Port. iPod is a wonderful device, however it's a poor environment, the iPod media files are scattered all over your computer. It's annoying to copy and copy your media files all the time. Prompt iPod Backup will keep your iPod media in order and copy them to your computer in order. You can copy them in different folders and different directories. For example, you can copy your favorite songs to a Music or Pictures folder on your hard drive. How to use Prompt iPod Backup? There's no need to learn a new command to use the Prompt iPod Backup! Let's get started!

1. Import iPod Media Files Open the program, you will see a window to get started. In the window, you can choose the iPod model that you have and then you can choose the music folders that you wish to copy.
2. Rename Files Double click the songs that you want to rename and use the Renaming tool to replace song titles and artist names and albums. For the video files, you can just use your mouse to hit the Renaming tool.
3. Copy and Paste Copied Files Use the Copy and Paste options in order to copy your files. In the clipboard, you can see all copied files.
4. Set Category In order to set up your iPod in a proper way, you need to assign the correct category to your files.
5. Set Up Tags and Ratings In order to add tags and ratings to your audio files, you will need to assign them to your files.
6. Schedule Copying You can schedule the copying of your files by using the Prompt iPod Backup Scheduler options.
7. Repeat In order to repeat the copying process for files that you've copied in the past, you need to use the Repeat function in the Prompt iPod Backup.
8. Save Info You can choose to save iPod Type, Date, Time, Folder and the Songs list.
9. Change Screen Resolution You can choose the screen resolution in order to make your desktop look nice and fit on your screen. The best screen resolution is 1280 X 720.

Prompt iPod Backup is the easy to use and user friendly iPod media management software which can copy your media files from iPod 09e8f5149f
