around with the new features in this official The Witcher 3: Wild Hunt fan site - The Witcher 3 Wiki. Do you want to make a wiki? Get the tools you need to create your own wiki here! If you're playing The Witcher 3: Wild Hunt on PS4 Pro, one of the best features to have on your radar are the support for HDR. While there's a lot of HDR support out there, we think this one is the best! Watch a gameplay video to learn more. In case you missed the previous HDR support videos: With the release of the new PC version of The Witcher 3: Wild Hunt, the game

Features Key:

A very simple and easy gameplay style.

A puzzle-like mechanic, where it is required to skillfully and quickly find solutions to the obstacles.

Well-thought-out puzzles with a retro feel.

Create a time travel device to prevent a villain named **Darius** from perverting history. In this time travel puzzle, you are free to do whatever you like...how far back in time do you want to go and prevent a destiny you do not want to happen?

Choose among a multitude of tools to forge the time machine, decorate it, and use it to do important actions in history.

Master the ropes of the 3D art style and create the most time-traveling device on your planet by altering time itself in numerous simple but challenging puzzles.

Prove that you know your way with exactly 50 levels that are short as a pin, but still include an original and atmospheric story from a unique and humorous perspective.

Each level has been created in a hilarious way to increase the fun you'll have. Just follow the diverse stages and watch out for the dangerous objects in your path and dodge them by either using your time machine or a different tool.

Play as a Cyborg Girl. You are a prisoner who is super bright. You spend your days computing code, build robots and other cyborg devices to keep your fellow inmates out. However, one day, one of your inmates breaks out of the prison and if he is not stopped, his destructive plans will happen, your prison will blow up and you will be a zombified prisoner. Go to hell and collect brains like a gang member and have a point to boast with! Time machine will be at your service.

Now you can go home!
