Diablo 2 + Lord of Destruction + World of Warcraft + Starcraft + Hellgate: London. Battletoads (English) Toad Battle is a series of platform games developed by Rare and published by Nintendo for the Game Boy handheld game console. Battle of the Toads was also published as a PC game. All games in the series, with the exception of "The Battle of Rivendell" and "Lode Runner" are built on the same principle: the player needs to go through a series of levels where he can destroy those encountered on
