

Gameplay in Toki Tori is a mixture of two genres. Although it looks like a platform game, it is essentially a puzzle game. To complete the game, . Toki Tori is a young girl who lives in a very ordinary Japanese city. However, she is not like everyone else. The thing is, she's a cyborg. How can this happen to an ordinary person? It turns out to be very simple when you live in a big city. This is not her first appearance in games (in the first part she was as a passerby), but it was in this game that she became the main character. At the very beginning, she has no money, no house, no car. However, she does not appear to be homeless or unemployed.
