I love it..it's an addicting game..all i can say is it's worth it by Darren C. on Oct. 26, 2017 Rating It's a really fun game. It's a bit of a grind to level up, but that's not to bad. it's really easy to level up and master all you need to do. You can kill stuff and climb walls easy. Once you get to the harder difficulties it gets to be a bit of a mind f*ck, but it's still fun to play. I love it, it really got my attention when it came out and I play it today like I just got it. It's good. It's addicting. Good game by Slater M on Oct. 13, 2017 Rating It's a fun game to play online. It's pretty addicting, and gets repetitive. You're a lord, and you must do more than kill, you must learn what they teach you! The battles are fun, and you can try new things and go wild with it. I'd give it a 10, I just don't recommend it to very high level players, it's just that hard... and as a solo player I found it to be one of the best games I've ever played online. This game is 10/10 in my opinion! Great game, great ideas and great feeling! by William C on Sep. 24, 2017 Rating I love this game, the gameplay and combat is fun and the graphics are also really good. The only small thing is the lock/unlock bonus is a bit slow and once you unlock all the achievements you might find you want to go back to the game. The odd thing is that for me it sometimes crashes when I go to battle after opening a lock box. For a standalone game it would be good to give you more achievements and unlockables such as lock boxes. This game is good for combat, exploration and story by mace on Aug. 24, 2017 Rating Good game, fun to play. Nice graphics. It could use some improvements, though. Downloadable content is annoying, some of the missions are hard, you can't make money like other games. Also, there aren't many people on the servers, it's mostly older people (I know this because of my timezone). You can also get stuck in the game if you keep on bff6bb2d33

Gameplay A series of actions performed by selecting an action key to a screen in which a battle event occurs is called a turn. Combat will commence at the end of each turn. • Battle Area You battle at a fixed location on a map called a battle area. The battle area consists of a landscape, various battle items, and battle stages. The battle area is divided by plains, mountains, and rivers (see map illustration below). These locations are used to determine the skill, number of blows, and the presence of status effects. • Battle Items Items that boost or hinder your offensive and defensive power are called battle items. Items are freely available at battle areas. Each battle area displays a number of items and the number and type of items vary. The difference between levels of items is illustrated below (see a battle area example below). • Skill A battle area's capacity is determined by the area's strength. To adjust the areas' capacities, there are various battle items. Experience points are deducted depending on the number of times that you use items. This is called Skill. • Faction - a battle item with the same name as your character is equipped • - a battle item with the same name as your character is equipped • - a battle item with the same name as your character is equipped • - a battle item with the same name as your character is equipped Battle Items (displayed below) • - a battle item with the same name as your character is equipped • - a battle item with the same name as your character is equipped • - a battle item with the same name as your character is equipped • - a battle item with the same name as your character is equipped • - a battle item with the same name as your character is equipped • Battle Stages At the end of each turn, the battle area randomly changes to a different battle stage, thus changing the appearance of the items and the background music. The battle areas shown below are an example of the different stages. Stage 1: Plains • - Plains are large open areas suitable for battles against single opponents. • - Plains are large open areas suitable for battles against single opponents. Stage 2: Mountain • - Mountains are wide and tall areas with rocky terrain that severely hinders enemies. • - Mountains are wide and tall areas with rocky terrain that severely hinders enemies. ----- QUOTE (Seedrpg @ Aug 05 2010, 05:55 PM) the urgruff links will be fixed asap, thank you for your understanding. Nope, the links will not be fixed. We're too busy working on fixing the rest of the download stuff. The "Urg Restart" link will probably be fixed as soon as I get that out, as it's a separate download. Quote I would kindly ask if there will be any major updates or changes made to urgruff down the line or if this is it??? Nothing's going to happen to it. It was an extremely quick and simple patch so we don't have the bandwidth to work on more. Quote Once again, thank you very much for this effort, I would hate to think that all of your previous efforts would have gone down to waste...:tang: You're welcome! I hope it helps. _____ I'm on the prowl! Help me to track these Elden Lords down! PM for more info! When you put a you in front of a I, you have to do some variable typesetting because in Jabber, the slash doesn't go up unless you're in a multi-document environment! So this is sort of the first line in which I use a variable for "Scene" Add a character profile along with everything else. PLOT Shadow's Past Scene One: A black-skinned shadow is seen in a desolate land. It's voice echoes before it, "Rise!" Quote It raises its hand, and a pause of silence overwhelms the darkness, "Together!" Scene Two: The faceless shadow has spread itself on the ground and is laying there, its hands hovering over it until it feels nothing. GOAL For you to rise and become a Lord of the Elden Ring NAME Shadow Jr. AGE 15 SIZE 150 blkid WEAPON Wand (I don't know what it looks like) DONATION 80000 CAREER Shadow Senior NAME Name: Shadow Senior Age: 15 Size: 150 blkid Weapon: Prehens
