I have already tried to follow all the steps in the link above but I did not work. I also found this link as well: But again, I followed every step in the instructions and the error still appears. My computer is running Windows 7. Can someone please help me with this. Thanks! A: The right way is from the link provided by the page that is giving the download links. In the steps, they tell you to go here and download the program from them. They work with windows and it has a url that you will need to use. If you are stuck, you can always try a different version of the program and if that doesn't work, you can try different version of the dongle. NEW DELHI: In a big setback to the Aam Aadmi Party( AAP ), its single-largest source of fund — chief minister Arvind Kejriwal's wife Sujata Vauhini Kejriwal — is no more. According to media reports, Delhi police have registered a case against Sujata under section 406 (Mischief by destroying or removing public property) of IPC against her and her lawyer for demolishing a public property — a door at Kejriwal's residence in Delhi.Consequently, the AAP leader has also been charged under the same section. Sujata was alone at home when the house was raided by the police on Tuesday evening. Police teams have arrested not only Sujata and her lawyer, but also made attempts to arrest the AAP leader. Kejriwal is also in the city. While the party has rejected reports on Sujata's arrest, it seems very confident of getting the bail soon. No one is available to comment on this development.AAP sources say there is "cricket chain reaction" in Delhi, with the other family members cutting off from Kejriwal. After Sujata's arrest, AAP's media head Anjali Lai and her husband Adarsh have been asked to join Kejriwal. On Tuesday, Lai also met Delhi Police chief B S Bassi to discuss the matter.
