
Setup Drivers Diagbox.zip

Diagbox installation guide text ... all you need to do now is plug the interface into the USB port and the laptop should automatically find the driver. Once it detects Diagbox, install it and restart your computer. The interface will be displayed automatically on the desktop and you can install the necessary drivers. To start diagnosing and testing all the components of your vehicle, simply follow these steps: 1) Connect Diagbox to USB. The Diagbox screen will be displayed automatically and you just need to select "Connect Interface". 2). Launch Diagbox. The Diagbox interface will be displayed automatically.
