You can set up the Hauberk Parental Control application on your desktop at home, school, or any place 09e8f5149f

If you're a parent, then you probably know that the Internet is filled with all sort of inappropriate content that your children might be exposed to. Fortunately, there are many applications that could help you with that. One of them is Hauberk Parental Control. It's a useful application that helps you set restrictions and make sure that your children don't access content that isn't suitable for their age. Small and compact user interface The application isn't free, if you wish to try out the trial version you will need to register with an account and set a master password. You will then receive a code for registering the application. The program only installs a small interface on your computer that allows you to either enable or disable the application. All settings are made from the online browser and it has many sections that you can access. Enable parental control on your computer It comes with a time setting feature that displays a chart of options and allows you to pick the days and hours when you would like to enable/disable the application. It lets you set exceptions for websites that would have unlimited access. You can also ban specific files, simply type in the URL and the keywords for filtering them. It also displays a list of all websites that you've recently visited and it lets you pick from them for locking access. Additional features and tools It also comes with a list of applications that you've recently accessed, simply block the ones that you would like to restrict access to. It automatically takes snapshots of your screen and you can save them as image files on your computer. It has a keyboard log, so you can see what words and phrases were typed at a certain hour or on a specific day. All in all, Hauberk Parental Control is a very useful application that allows you to restrict access to certain websites and make sure that your children are safe from inappropriate content. If you're a parent, then you probably know that the Internet is filled with all sort of inappropriate content that your children might be exposed to. Fortunately, there are many applications that could help you with that. One of them is Hauberk Parental Control. It's a useful application that helps you set restrictions and make sure that your children don't access content that isn't suitable for their age.
