STORY You are the chosen one. A descendant of a famed race of heroes, you are born with a scroll that foretells your destiny, so that you might be the one to guide the oppressed to peace, and perhaps even to stop a nation-destroying war that is destroying your home, and destroying the Lands Between with it. YOU ARE THE WORLD'S MOST PROMISING HERO. In the course of your adventures, you will become a prodigy, learning not only your strengths and weaknesses but also all the details of the Lands Between. THE NEW FANTASY ACTION RPG. Rise, Tarnished, and be guided by grace to brandish the power of the Elden Ring and become an Elden Lord in the Lands Between. 1.

What is the story? How are the characters? A descendant of a legendary race of heroes, a warrior returns to the Lands Between. In an era when war has been forgotten, he has been chosen to stop a nation-destroying war that is spreading across the world in a territory occupied by the oppressed. He receives a telegram from the leader of the oppressed nation: "Introduce peace to our country." The warrior sets forth on a journey with a beautiful young woman. Reaching the border between the oppressed nation and the great Elden Empire, they are ambushed by the oppressor's best soldiers.

The battle begins as the warriors stand their ground. The girl arrives, and the two of them deftly defeat their opponents one by one. The warriors face a seemingly impossible situation. If they should choose a fight to the death, the girl and the oppressor would have a good chance of survival.

Without any concern for their own lives, the two charge into the oppressor's army, but their efforts are in vain. As the warriors are fighting to their death, a pillar of fire engulfs both the girl and the oppressor, and they fall to the ground together, transforming into something that cannot be killed, or destroyed. This unnatural chimera is now the new leader of the oppressed nation. While this chimera was away at the oppressive nation, the warrior and the girl had protected the Lands Between. The new leader of the oppressed nation proclaims himself "Lord of the Elden Empire". The warrior retrieves the scroll that had been given to him by his ancestor to use the scroll for the past
